

Theodore Roosevelt National Park

Elk Management Volunteer Application

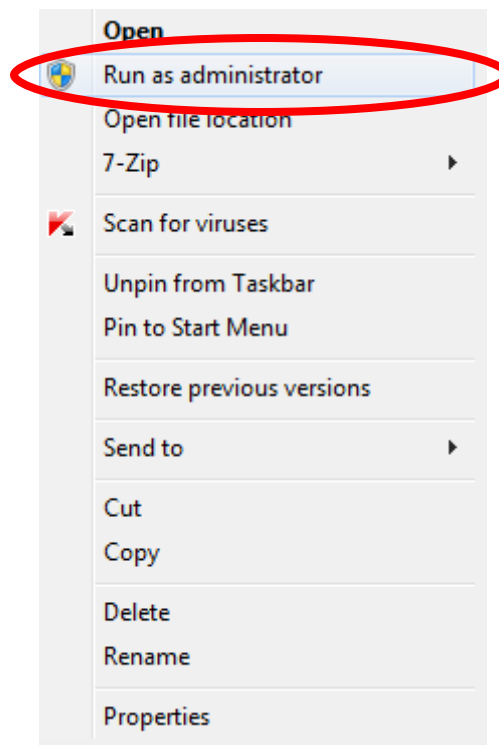

WINDOWS 7 AND VISTA USER ACCOUNT INSTRUCTIONS

Users of Microsoft Windows Vista or Windows 7 operating systems may experience problems due to user account system settings. If you are a Windows Vista or 7 user please use the following instructions to avoid application submission problems.

Step #1. Close all Internet Explorer windows. Restart Internet Explorer as an administrator by *right-clicking* on your Internet Explorer icon and selecting **“Run as Administrator”** (see Figure #1)

Figure #1. Start Internet Explorer as an administrator in Windows Vista or Windows 7

Step #2. Complete an elk reduction volunteer application and email the completed application to **THRO_ElkTeam@nps.gov**.

By completing the steps detailed above, you should be able to complete an Elk Reduction Volunteer Application when using Windows Vista or Windows 7.
